HOW WE WORK

TESTIMONIALS

I have been working now with Andrew from The Property Agency for 6 months and have found him reliable, methodical and honest and particularly easy to deal with. He has generated several sales and conditional agreements to date from his database and look forward to future dealings with him.

Yours sincerely

Over the last couple of years I have completed numerous property transactions with Tracy Love from The Property Agency and I have found her fantastic to deal with. Tracy possesses the technical skill and relevant industry knowledge/expertise to deal with any hurdles that arise. Communication is dealt with swiftly and efficiently to minimise time delays and combined with a driven mind set to see the transaction through to completion, makes Tracy my first call when I list an investment property.

I have worked with Michael Connolly to sell properties in Whangarei and have always found him to be very easy and professional to deal with. He has always communicated back to me and made dealing with him a pleasure. I hope we will be able to have many more deals in the future

Kind Regards,
Lorraine Ward

Tracy and I have worked over the last 18 months on a fairly consistent basis. I have found Tracy to be forth coming on expectations and building issues on the properties she views, being quiet fastidious with closely scrutinizing potential purchases for her clients.

She is quick to call experts to assess the quality of the building and the potential rental values and options. An excellent communicator, Tracy has a nice manner with people, a reassuring and positive tone when dealing with nervous tenants, owner and real estate agents.

I am happy to commend Tracy as a lady from places north who has quickly gained the respect and ear of the real estate industry in Invercargill.
